

## GDPR (GENERAL DATA PROTECTION REGULATIONS)

From 25th May 2018 all organisations must protect their members and contacts with the new Data Protection Act.

Epic Dance Academy have always contacted current and previous participants to advise them of classes, events, holiday camps, competitions, dance examinations, other general important information, through contact details that had been passed onto one of the Epic Team.

Going forward, one of the Epic Team will only contact you via email/Facebook/email if you confirm that this is allowed!

New contact forms MUST be completed in classes to confirm that this is ok.

If you do not attend weekly classes, this message will be sent out via email/text. If you wish to 'OPT OUT' please reply OPT OUT and we shall take you off our records/database.

All contact details that we have from participants are stored in a safe place and transferred onto a password protected device.

If you haven't attended any classes/events/comps/exams in over 12 months from start date, you will no longer be contacted by one of the Epic Dance Academy Team.

Events and all important information I always shared on our Facebook page, 'Epic Dance Academy'.

Many Thanks

**Sarah & the Epic Dance Academy Team**
